Information sheet for INCOMING students: Erasmus + STUDIO mobility, TRAINEESHIP, ICM, Overseas and other University mobility programs.

Concept: COVID - A PERIOD OF MOBILITY IN SAFETY ... WHAT UNIPV DOES, WHAT STUDENTS MUST DO

The information below refers to a constantly evolving situation and may therefore be subject to revision on the basis of "further provisions by the competent authorities".

WHAT UNIPV DOES

1. INSURANCE: To protect the incoming students, the following coverages will be provided by the University of Pavia:

- THIRD PARTY CIVIL LIABILITY INSURANCE

All foreign students of the University of Pavia are covered by third party liability insurance which covers the damage caused by students while studying in the University buildings.

Please note that the University of Pavia provides this third party liability cover free of charge.

- PERSONAL ACCIDENT INSURANCE

International students must be covered by a personal accident insurance covering any accident which may occur during institutional activities at the University of Pavia.

This insurance must be purchased by the student or provided by his/her home University.

If the student has not such an insurance, he/she **must** purchase the Institutional Student Accident Insurance n.802534120, paying 3,69 euros; this policy covers accidents the student may incur in during institutional activities, both inside University premises and in any other external place, such as (by way of example but not limited to), enterprises, industrial or research laboratories, other universities and research institutes the student may access for study purposes, visits, experiments, other complementary activities, under the conditions of the policy.

INSURANCE WILL BE EFFECTIVE ONLY DURING THE MOBILITY PERIOD AND IN PRESENCE OF A LEARNING/TRAINING AGREEMENT FORMALLY ACCEPTED AND SIGNED BY ALL PARTIES.

Proof will be given by the receipt of payment.

Guarantees are effective only for institutional activity.

-HEALTH INSURANCE

EU STUDENTS

All European Erasmus students should travel to Italy with their European Health Insurance Card (TEAM).

The European health insurance card gives access to the necessary treatments under the same conditions as for Italian citizens.

Further information on how to use the TEAM card is available on the European Health Insurance Card website (https://ec.europa.eu/social/main.jsp?catId=559) which we recommend reading carefully before leaving the country of residence.

- NON EU STUDENTS

Students from non-EU Countries are strongly recommended to take out a health insurance policy, certified and translated by the Italian Diplomatic Representative abroad, Embassy or Consulate, (this is also normally a prerequisite for obtaining a Visa to enter Italy and a residence permit in Italy).

Once arrived in Pavia, non-EU students can also enroll in the National Health Service (SSN) by paying an annual fee (remember that it is valid until December 31 of the year in which it is paid) of about 150 euros.
