1. COURSE OFFER

The following Master Degree Programme is offered at the Faculty of Engineering during the academic year 2018/2019:

CIVIL ENGINEERING FOR MITIGATION OF RISK FROM NATURAL HAZARDS (classe LM-23)

This Master Degree Programme is a second level university study path with the objective of developing advanced training of highly qualified activities in specific areas. Further information is available at the following addresses:

<http://civrisk.unipv.it>

<http://ingegneria.unipv.it>

<http://ingegneria.unipv.it/didattica/index.php>

<http://magistralingegneria.unipv.it/>

2. REQUIREMENTS FOR ADMISSION

In order to be admitted to the Master Degree Programme, the applicant shall satisfy the following list of requirements:

- Be in possession of any of the following: Bachelor's degree (D.M. 509/1999 or D.M. 270/2004), Master's degree (legislation previous to D.M. 509/1999), a three-year diploma or other foreign titles officially recognised in accordance with current regulations;
- Meet the curricular requirements set forth by the Master Degree Programme regulations, verified through a **pre-evaluation of their curricular requirements** or self-certified by the applicant (see Section 4);
- Possess sufficient background knowledge and skills, to be verified through an evaluation of the applicant's Curriculum Vitae and – if needed – an oral interview;
- Demonstrate English language proficiency, which shall be verified as described in Section 2.1.

The Faculty of Engineering will appoint a Committee to evaluate the applicants' curricula, academic background and knowledge.

NOTE. Admission to the Master Degree Programme is also permitted to undergraduate students who have not yet attained their Bachelor's (or equivalent) degree, but do not have more than 30 outstanding credits (ECTS) remaining for the completion of their diploma. These students, if in possession of the curricular requirements necessary to access the Master Degree Programme, may provisionally enrol "on condition". They will have to prove that they satisfy the course requirements with a self-certification of all exams passed, relevant credit value (ECTS), type of learning activity (TAF) and scientific disciplinary sector (SSD) using the form provided in Annex 2 of this call.

The table in the attached Annex 1 summarises the different categories of student and the relevant procedures to enrol (possibility of direct enrolment, pre-assessment of curricular requirements, and/or knowledge assessment).

2.1 English Language Proficiency Evaluation

Knowledge of the English language consistent with B2 level of the Common European Framework may be proved by means of any of the following:

Certifying Body	Certification corresponding to level B2 of the Common European Framework
Cambridge English Language Assessment (Part of the University of Cambridge)	Cambridge English: First (FCE) and Business Vantage (BEC) Minimum score: 160 [also English for Speakers of Other Languages (ESOL International) Level 1 B2]
Cambridge English Language Assessment (Part of the University of Cambridge)	International English Language Testing System (IELTS) Minimum score: 5.5
Cambridge English Language Assessment (Part of the University of Cambridge)	Business Language Testing Service (BULATS) Reading/Language Knowledge Test Minimum score: 60
Educational Testing Service (ETS)	Test of English as a Foreign Language Internet Based Test (TOEFL iBT) Minimum score: 77
Educational Testing Service (ETS)	TOEIC Listening and Reading Test: minimum score 785 + TOEIC Speaking and Writing Test minimum score: 310
English Speaking Board (ESB)	Also English for Speakers of Other Languages (ESOL International) Level 1 B2
Trinity College London	Integrated Skills in English (ISE II) [Also English for Speakers of Other Languages (ESOL International) Level 1 B2]
City & Guilds	Communicator B2
Pearson	Pearson English Language Test (PTE Academic) Minimum score: 42

The recognition of other language certifications or statements from universities located in English speaking countries will be evaluated by the Committee who may avail of English language professors and of the University Language Centre. Certificates issued at the end of courses held in Italy or abroad that state attendance only and that do not issue any of the certificate listed above are not valid. Trinity College certifications have to state the level of English in all the fields in order to be valid (for example, only Speaking & Listening or only Spoken English are not valid).

If the student is not in a position to produce the certification by the deadline for enrolment, he/she cannot under any circumstances proceed with direct enrolment and must present the "Application for assessment of the possession of curriculum requirements and personal

preparation" in order to allow the Committee to assess the level of English proficiency through a possible interview which, at the candidate's documented request, can also be done remotely.

Applicants holding citizenship in countries where the English Language is one of the official languages or applicants who obtained their degrees attending courses entirely taught in English do not need to submit any certificate, but only have to submit a document proving that they belong to one of these cases.

3. CURRICULAR REQUIREMENTS AND ASSESSMENT

The following categories of students **cannot self-certify** the possession of the necessary curricular requirements, and **must submit an official request** for a pre-evaluation of their academic career:

- Applicants enrolled in foreign (non-Italian) universities or those already in possession of a foreign degree;
- Applicants who hold an Italian degree awarded under the legislation previous to DM 509/1999 (Italian five-year degree or a three-year diploma);
- Graduate or undergraduate students whose degree curriculum includes courses that are not clearly identified by SSD classification and/or are not measured in ECTS (See Annex 2).

A specially appointed Committee will assess, based on the provided documentation, the suitability of the request. The Committee will also evaluate the necessity of an eventual oral interview in order to verify the personal preparation.

Access to the Master Degree Programme is also open to graduates proving high skills and/or strong motivation, even though their educational background does not strictly meet the curricular requirements. In such cases, the admission is subject to approval by the appointed Committee which will assess the applicant's previous academic career. Applicants falling into such a category may be interviewed by the Committee to evaluate their motivation and suitability to the Master Degree Programme. The Committee will issue a report highlighting any gap or weakness in the applicant's knowledge and background and consequently the constraints in the formulation of the study plan, listing specific courses to be included as required by the 120 credit (ECTS) study plan. Such mandatory courses cannot exceed a total of 12 credits (ECTS).

In case the student's curriculum is considered not suitable for the Master Degree Programme, the Committee will specify the courses and the corresponding exams that the applicant needs to pass, through enrolment to single courses to be completed prior to enrolment in the Master Degree Programme. Credits related to these courses must be earned before **27th September 2019**, or before **31st October 2019** in the case of late enrolment.

The following categories of applicant are required to submit a request for evaluation of curricular requirements:

- Graduates or undergraduates who have not acquired a minimum number of credits in their educational activities and with reference to subject areas or specific scientific-disciplinary sectors corresponding to those specified in the table in Annex 2.

The following categories of applicant are required to submit a request for assessment of personal preparation:

- Graduates with grades less than 105/110 or undergraduates with an average mark (calculated on all the courses with a mark and weighed with the ECTS) lower than 27/30;
- Graduates or undergraduates who are unable to produce, by the enrolment deadline (October 31, 2019), a certification of English language skills produced by the certification bodies listed above.

NOTE: In cases where the candidates have already obtained a positive assessment regarding the possession of the curriculum requirements, they do not need to request further evaluation for the current academic year.

3.1 How to submit a request for evaluation of curricular requirements and personal preparation

Those required to submit a request for the evaluation of curricular requirements (see previous paragraph) in order to enrol in the Master Degree Programme in ***Civil Engineering for Mitigation of Risk from Natural Hazards*** must submit their application by **31st August 2019** following the electronic procedure described below. After this deadline, the Committee's decision may not be guaranteed in time to proceed with enrolment by **27th September 2019** (please consider that for the enrolment beyond **27th September 2019** and before **31st October 2019**, the payment of the late enrolment fee of €82.00 is required). In each case, for admission to the academic year 2019/2020, the evaluation request must be submitted by **15th October 2019**.

The application for assessment of curricular requirements and personal preparation must be submitted by following the procedure below.

3.1.1 Student with a study title issued by an Italian university:

- a) Go to <https://studentionline.unipv.it> and register; with the username and password obtained after registration, by accessing the Reserved Area (Area Riservata), click on the menu item "Admission" and then click on the item "Evaluation Test". Students already registered will only have to log in with the credentials they already have and proceed with the request for assessment of curriculum requirements and personal preparation;
- b) Upload the following documentation:
 - "Request for evaluation of the curriculum requirements - Annex 3 -" completed and signed, which is available at the end of this call or [here](#);
 - Double-sided photocopy of a valid identification document;

- For candidates enrolled/graduated at Italian universities: self-certification of their study plan (in the case of undergraduates) or self-certification of the qualification obtained, with indication of all exams passed with relative SSD, number of ECTS and vote. We recommend using Annex 2 on p.9 or the self-certification issued by the personal online area in the home university;
- Possible certification of internationally recognised English language (see Section 2.1 for the list of valid certifications) attesting a minimum level B2;
- Curriculum vitae showing all the information about the candidate (training, knowledge of languages and IT applications, any work experience, other general information useful to outline the personality of the candidate). The candidate can freely choose the format;
- Excel file (available [here](#) or link <http://webing.unipv.eu/internazionalizzazione/>) listing exams taken with the mark obtained and associated credits.

After entering all the data required for the evaluation application, the candidate must print the document for an amount equal to € 35.00 with which to pay the "Reimbursement expenses for the evaluation of the possession of the requirements of the curriculum for admission to the Masters in engineering

Methods of payment for the application fee and tuition fees

Tuition fees and application fee have to be paid online with bank transfer and/or credit card using the PagoPA system and/or MAV receipt. The payment using the MAV receipt will be still available. At the end of the enrolment procedure, the system will automatically issue a MAV for tuition fee payment that may be found in the payment section. From the payment section it is possible to access credit card payment with the PagoPA system.

Payments completed using the agreed methods will be automatically acquired by the University of Pavia in few working days. More information about tuition fee may be found here: <http://wcm-3.unipv.it/site/en/home/fees-and-funding/fees.html>

Students residing abroad may pay with credit card using the PagoPA system. Payment methods other than credit card are possible and can be agreed upon with the Administration; in such case an e-mail should be sent to the address: matricole.ingegneria@unipv.it

3.1.2 EU and NON-EU students with a study title issued by a foreign university:

The application for the evaluation procedure (pre-evaluation application) to verify your curricular requirement and your personal skills has to be submitted as follows (ONLY EU AND NON EU STUDENTS WITH A STUDY TITLE ISSUED BY A FOREIGN UNIVERSITY)

- go to <https://apply.unipv.eu>, register and apply to the chosen study course
- Upload the following documentation:
 - "Request for evaluation of the curriculum requirements - Annex 3 -" completed and signed, which is available at the end of this call or [here](#);
 - Double-sided photocopy of a valid identification document;
 - For applicants enrolled/graduated at foreign universities: certificate issued by the foreign university proving enrolment or graduation in a degree course with the list of exams, credits and respective marks obtained. In case of subsequent enrolment, this certification must be filed in the Student Secretariat with translation into Italian and declaration of equivalent value by the applicant's local Italian consulate;
 - Possible certification of internationally recognised English language (see Section 2.1 for the list of valid certifications) attesting a minimum level B2;
 - Curriculum vitae showing all the information about the candidate (training, knowledge of languages and IT applications, any work experience, other general information useful to outline the personality of the candidate). The candidate can freely choose the format;
 - Excel file (available [here](#) or link <http://webing.unipv.eu/internazionalizzazione/>) listing exams taken with the mark obtained and associated credits.
- save and confirm.

3.1.3 Methods for the "Payment of expenses for the evaluation of the possession of curriculum requirements for admission to Master's Degrees in Engineering" payment

Tuition fees and application fee have to be paid online with bank transfer and/or credit card using the PagoPA system and/or MAV receipt. The payment using the MAV receipt will be still available. At the end of the enrolment procedure, the system will automatically issue a MAV for tuition fee payment that may be found in the payment section. From the payment section it is possible to access credit card payment with the PagoPA system.

Payments completed using the above methods will be automatically acquired by the University of Pavia in few working days. More information about tuition fee may be found here: <http://wcm-3.unipv.it/site/en/home/fees-and-funding/fees.html>

After having received the request for assessment of possession of the curricular requirements, the Committee in charge of the admission procedure can request an oral interview with the candidate. In this case, the student will receive an e-mail indicating an appointment for the date and time for the oral interview in English (this can also be conducted remotely). The exact date by which the candidate will receive the result of the evaluation will depend on the date of the interview but should be within 45 days from the date of application. The evaluation outcome will be emailed to the applicant. The result of the evaluation will also contain, in relevant cases, indications regarding any gaps or weaknesses in the applicant's preparation and any courses that may be taken in order to overcome them. In the latter case, graduate students applying for admission must pass the required courses before enrolment by following the individual courses and passing the exams according to the procedures defined by the competent offices. These students will complete the enrolment at the offices of the Student Secretariat following the procedure and the deadlines described in Section 4.

Students enrolled at the University of Pavia who have not yet graduated will be allowed to enter the necessary activities for enrolment to the Master Degree Programme as additional exams in the last study plan approved in the three-year study path.

Students who have not yet graduated can also request the verification of their personal preparation, provided they have already acquired at least 5/6 of the credits foreseen by their study plan (150 ECTS credits for Italian Courses). The evaluation of the attached qualifications can be integrated, at the discretion of the Committee, by an interview in English through which the actual knowledge of the candidate is ascertained. The interview, at the candidate's request, can also take place remotely.

Graduates and undergraduates at Italian universities who have obtained a degree mark or have a curricular average weighing more than or equal to the thresholds shown in the table below are exempted from the test:

<i>Master Degree Programme</i>	<i>Graduates (Grade)</i>	<i>Undergraduates (Average Weighted Grade)</i>
CIVIL ENGINEERING FOR MITIGATION OF RISK FROM NATURAL HAZARDS	≥ 105/110	≥ 27/30

The applicant receiving a positive evaluation of the curriculum requirements, if not also required to check the assessment of individual preparation by the Committee, can proceed with the enrolment within the term and according to the procedures indicated in the following section dedicated to ENROLMENT (section 4).

4. HOW AND WHEN TO ENROL

4.1 Applicants with qualifications obtained in Italy

Having successfully passed the assessment of individual preparation (if required) and if the full possession of the curriculum requirements has been ascertained, the enrolment application shall be presented in the period between 10th July 2019 and midday (Italian time) of 27th September 2019 (also in the case of conditional registration), with delay by 31st October 2019.

By connecting to the site <http://www.unipv.eu/site/home.html> and accessing the Reserved Area (Area Riservata) and with the username and password obtained after registration (students already registered can use the credentials they already possess), continue to the menu item SECRETARY> ENROLMENT, choose the course of study of interest, fill in all the required fields and print the receipt of the APPLICATION FOR ENROLMENT. From here you will get the MAV (amount equal to €156.00, except for any exemptions provided for special situations contemplated in the Notice on the contribution 2019-2020: <http://wcm-3.unipv.it/site/en/home/fees-and-funding/fees.html>) to be able to pay the first enrolment rate which must be carried out according to the procedures described at the following link: <http://wcm-3.unipv.it/site/en/home/fees-and-funding/fees.html>

This procedure requires the following to be uploaded:

- A passport-sized photograph;
- A photocopy of all relevant sides/pages of the passport (for EU citizens, a photocopy of all sides of an official identity document is performed);
- Photocopy of personal Italian tax code (foreign applicants can obtain it after their arrival to Italy);
- A self-certification pertaining to successful exams (only for applicants who have not requested a pre-evaluation);
- Photocopy of English language certificate(s);
- Photocopy of study entrance visa/permit of stay (only for non-EU citizen applicants).

1. In case of request for recognition of exams (career transfers, second degrees, revaluations, recognition of foreign qualifications, etc.) it is necessary to fill in the appropriate form with a €16.00 stamp available at <https://web.unipv.it/formazione/prevalutazioni-carriere-pregresse/> by forwarding a scan of the relevant documents to the following address matricole.ingegneria@unipv.it The original form must be delivered or sent to the University of Pavia - Segreteria studenti di Ingegneria via Ferrata, 5 – 27100 Pavia.
2. In case of transfer from other institutes, the applicant must also attach a certification from the current University that certifies the transfer request, awaiting the arrival of the complete documentation, which must arrive by 31st October 2019;
3. Those who have obtained a degree at another Italian university must also send a self-declaration certifying the achievement of the degree with the date and grade, each individual exam taken with date, grade, ECTS and SSD, all the years of enrolment at the University (it is advisable to use the self-certification issued by your online area if available at the University of origin otherwise fill in and send the appropriate form available at the link <https://web.unipv.it/formazione/modulistica/>

If you need assistance, you can send an email to the following address: matricole.ingegneria@unipv.it. The email must include in the subject field: **surname and name** of the student, in addition to **degree course** to which you request registration. The Student Secretariat will then register the applicant, after having verified the payment of the 1st instalment (automatically notified by the bank to the University),

received the required documentation, as well as the positive outcome of the admission test, if necessary, within the prescribed deadlines and procedures listed above.

The enrolled students will receive a "Welcome" communication to their email address along with some general information. The new University of Pavia email address will then be communicated and will be the only communication channel of the University from that moment on. The student is required to activate this new e-mail address, where they will be sent the new credentials to access the University's online services (Reserved Area, WiFi, etc.). Those already in possession of an e-mail account assigned by the University of Pavia will keep the same e-mail address.

4.2 Applicants with qualifications obtained abroad

Candidates holding qualifications obtained abroad, after the positive assessment of the individual preparation and of the curriculum requirements, can proceed with enrolment from **10th July 2019** at the following link: <http://www.unipv.eu/site/home.html>, accessing the "Reserved Area" (Area Riservata) by logging with their username and password; select the menu item REGISTRATION and identify the chosen course of study; fill in all the required fields and print the receipt of the REGISTRATION FORM.

This procedure requires the following to be uploaded:

- A passport-sized photograph;
- A photocopy of all relevant sides/pages of the passport (for EU citizens, a photocopy of all sides of an official identity document is performed);
- Photocopy of personal Italian tax code (foreign applicants can obtain it after their arrival to Italy);
- A self-certification pertaining to successful exams (only for applicants who have not requested a pre-evaluation);
- Photocopy of English language certificate(s);
- Photocopy of study entrance visa/permit of stay (only for non-EU citizen applicants).

During the procedure, it is necessary to proceed to: PRINT APPLICATION OF REGISTRATION. The last page of the printed application is the MAV needed to pay the 1st enrolment rate according to the methods described above (in point Section 3.1). The applicant will have to deliver later and in person to the Administrative Office (Via Ferrata 3 - from Monday to Friday at 9.30 - 12.00 with the exception of Wednesday for which only the afternoon opening is scheduled from 1.45 pm - 16:00) from **10th July 2019** and before midday (Italian time) on **27th September 2019** with late payment by **31st October 2019**, the following documentation:

- a) Receipt of the MAV payment related to the first instalment of tuition fees (€156.00, except for any exemptions provided for special situations contemplated in the Contribution Notice 2018/2019: <http://wcm-3.unipv.it/site/en/home/fees-and-funding/fees.html>);
- b) Original qualification permitting the enrolment to the Master Degree Programme (Bachelor's Degree, University Diploma or foreign qualification deemed suitable), translated into Italian (by a sworn translator or by the Embassy), certified by the Italian Diplomatic Representatives located in the State in which the title was completed and complete with a Declaration of Value (Dichiarazione di Valore) or CIMEA certification also certifying the authenticity of the title;
- c) Original Diploma Supplement or degree certificate stating the possession of the qualification permitting enrolment, with the list of exams taken, issued by the foreign University where the qualification was awarded. This certificate must be certified by the Diplomatic Representatives and translated into Italian or English;
- d) In the event of transfer from other universities, second degrees, re-evaluations, recognition of foreign qualifications, the appropriate form can be found in the Modulistica section of the web pages of the Student Secretariat (<https://web.unipv.it/formazione/modulistica/>);
- e) Photocopy of certification certifying the knowledge of the English language.

The documents listed above need to be hand deliver to the administrative office soon after the enrolment. If there are any delays due to the issue of documents by the Italian Representatives, students have up to 45 days to confirm their enrolment and hand over personally all the documents to the Administrative Office. Within 45 days, students that have not completed enrolment must send a communication to the administrative office where they state that they are willing to enrol but they still have not got the necessary documents. If the student fails to send any communication, his/her enrolment will be cancelled because of not complying with enrolment requirement. Otherwise after 45 days, the student is enrolled but his career is blocked until the student complies with the administrative office request up to 31st January.

After enrolment, students who are not already in possession must apply for the "ATENEIO CARD PAVIA" (Student ID Card) according to the procedures indicated in the relative paragraph below.

4.3 Enrolment under condition for applicants waiting to finalise degree

Those who have not yet graduated by **27th September 2019** (it should be noted that the start date of the Master Degree Programme will be **23rd September 2019**), but are in possession of all the other enrolment requirements of this call, may register "under condition" to the Master Degree Programme. Enrolment will only become effective if by **31st October 2019** the student has received the educational qualification according to the study plan. In the event that the applicant does not graduate by **31st October 2019**, they will forfeit from the enrolment to the Master Degree Programme and the registration tax will be automatically reimbursed (net of stamp duty).

The student in possession of all the requirements, even if not enrolled on condition, may enrol after **27th September 2018** and before **31st October 2019** with payment of late payment of €82.00. This amount may be subject to change as a result of decision by the Board of Directors on University Contribution.

4.4 Student ID Card: Ateneo Card Pavia

Student may apply online to the ATENEO CARD PAVIA, if they do not have one already. It a student identification card with multiple functions. More information on this webpage: <https://web.unipv.it/formazione/ateneocard/>

5. RULES FOR POST-FIRST-YEAR ADMISSION TO THE DEGREE PROGRAMMES IN CASE OF TRANSFER STUDENTS, CREDIT RE-EVALUATION FOR PREVIOUS ACADEMIC ACTIVITY, CHANGE IN DEGREE PROGRAMME, FORMER ACADEMIC ACTIVITY (ONLY POSSIBLE FROM A COURSE OF THE SAME LEVEL)

After pre-evaluation:

5.1 Students applying for course transfer from another Master's degree course at the University of Pavia

Before **27th September 2019 (31st October 2019 with additional fee)** have to pay the first instalment for the academic year 2019/2020 by MAV available for download from one's Reserved Area and apply online according to instructions in this link (<https://web.unipv.it/formazione/passaggi-di-corso-e-cambi-sede/>.)

5.2 Students applying for enrolment with transfer from another Italian university

Must submit a pre-assessment application for their career in the period between **15th July and 23rd August 2019** (arrival date and not delivery date) according to the procedures indicated on the site: <https://web.unipv.it/formazione/prevalutazioni-carriere-pregresse/> and by **27th September 2019 (31st October 2019 with additional fee)** pay after registering online, on time and according to the methods indicated by e-mail sent by all offices interested, must proceed following Section 4.

Together with the documentation required for enrolment, students will also be required to send a receipt of the University of origin proving the transfer request to matricole.ingegneria@unipv.it, in anticipation of the complete documentation, to be received by **31st October 2019**, and the form 'Congedo in arrive-Incoming transfer' which can be downloaded here <https://web.unipv.it/formazione/modulistica/>

5.3 Students with a previous career or degree of equal level

Apply for pre-evaluation of your career before **15th July and 23rd August 2019** (arrival date and not delivery date) according to the instructions in this link <http://www.unipv.eu/site/home/articolo5998.html> . After online registration, students will receive an email with instructions and they also need to follow indications in Section 5 within **27th September 2019 (31st October 2019 with additional fee)** and to send the form 'Seconda laurea/ richiesta di convalida esami'.

If the first degree or the previous career are from another Italian university, students will have to attach a self-certification on career, exams passed, credits and scientific disciplinary sectors (we suggest to use a self-certification to download from your university reserved area if available, otherwise you can fill in and send the form in this link <https://web.unipv.it/formazione/modulistica/>

6. WHEN AND IF A REFUND OF THE ENROLMENT FEE IS POSSIBLE

A refund of the enrolment fee is possible only in situations described in the art.12 of the "Regolamento sulla contribuzione". Please check the following link for more information about possible refund of the enrolment fees: (<https://web.unipv.it/formazione/calcolare-le-tasse/> <https://web.unipv.it/formazione/domanda-di-rimborso-on-line/>)

7. NOTES AND ADDITIONAL INSTRUCTIONS

A support service is available. It is called "A tutto Campus" and it will be active from the 22nd July to the 26th and from the 23rd September to the 27th on Monday, Tuesday, Thursday, Friday, from 9:30 to 12:30 and on Wednesday from 14:30 to 16:30. Support will be also available at C.O.R. in C.so Carlo Alberto 5, Pavia. Support will not be available from 5th to 17th August.

Users may encounter temporary service disruptions during evenings or weekends due to website maintenance. Any delays in the compilation of forms may be due to the large number of users connected. For assistance and to report issues encountered during the enrolment procedure, please send an email to matricole.ingegneria@unipv.it.

8. REGULATORY LEGISLATION

- **Ministerial decree 270/2004** (Modification to the regulation introducing norms concerning the autonomy of universities) and relevant implementation decrees;
- **Ministerial decree 16 March 2007** (Redefinition, pursuant to Ministerial decree 270/04, of degree and Master's degree courses);
- **MIUR circular of 7 March 2019** (Access to higher education courses for overseas students requiring a visa, 2019-2020)
- **Degree course regulations** established by the Faculty of Engineering

Informative note in accordance with art. 13, paragraph 1 of the D.Lgs. of 30/06/2003 no. 196 ("Personal data protection code")

The information supplied by applicants will be processed by the University of Pavia and used for the university's institutional objectives, to provide specific services requested by users as well as to fulfil its legal obligations.

The personal data is generally handled by data processing and telecommunications systems designed to memorise and manage the data. In some cases, a hard copy may be generated; this process is always undertaken to ensure the security of, and protect the privacy of, the interested party.

Conferring personal data is obligatory and failure to do so will result in exclusion from the admission test.

User personal data, in accordance with current laws in force, may be revealed to and processed by personnel involved specifically in their handling.

Applicants are entitled to the rights stated in art. 7 of the code, mentioned above, regarding personal data, its modification, updating, integration, cancellation etc., as well as reserving the right to oppose any use of the data other than the institutional purposes stated above. These rights may be enforced against the Rector of the University of Pavia as the individual responsible for the handling of personal data.

The **Head of Administrative Procedures**, according to art. 4 of L. 7th August 1990, no. 241 modified by L. 15/2005, is **Dr. Matteo Bonabello** (Cat. EP1 – Management Administration Area).

PAVIA, data del protocollo
